GOVERNMENT OF MYSORE, ELECTRICAL DEPARTMENT.

*Notice No.* 5, *dated* 21st *February* 1930.

SALE OF NON-CREOSOTED BALAGI POLES, 40 TO 42 FEET LONG AND EMPTY STEEL BARRELS OF 45 GALLONS CAPACITY.

Sealed tenders for the purchase (about 150) non-creosoted balagi poles, 40 to 42 feet long, returned from the works, and about 1,000 empty steel drums of 45 gallons capacity, will be received at the office of the Chief Electrical Engineer up to 11 A.M. on the 17th March 1930.

The articles are available for inspection at the C. P. S. Central Stores, near Binny Mills, Bangalore City.

The tenders should be superscribed "Tenders for the purchase of non-creosoted balagi poles and empty drums due on 17th March 1931 (as the case may be)" and should be accompanied with an earnest money of Rs. 100. The rates to be quoted are for delivery at our Central Stores. As some of the empty drums are also available at the Supervisor's stores at the Supervisor, the rates to be quoted for empty drums must be ex-works and at Kolar or other stores of the department.

The earnest money should be sent separately by registered post and could be either in currency notes or cheques drawn on the Mysore Bank or the Imperial Bank of India.

The undersigned reserves to himself the right to accept the highest or any tender or reject all the tenders without giving any reason therefor.

The deposit of the successful tenderer will be retained and he will be required to take delivery of the articles within a week after the date of intimation of the acceptance of the tender, after paying the full amount of the balance of the purchase price less the deposit already received. The articles will be allowed to be removed from the Central Stores only after the full amount of the purchase value is paid.

Delivery of the articles will be at the Central Stores near Binny Mills for any other stores of the department in case of empty drums, and the purchaser will have to make his own arrangements for the removal of the materials from the stores.

Failure to comply with the above conditions will entail the forfeiture of the amount deposited and the poles will be resold at the risk of the successful tenderer who will be responsible for any loss incurred by the department as a result of the poles having to be sold at less than the tendered rate.

The earnest money of the unsuccessful tenderer will be returned immediately after the tenders are disposed of.

B. R. IYENGAR,
*For Chief Electrical Engineer.*
